

Nitrogen Gas Generator

Saves Money • Made in USA

Nitrogen Gas Generators are built to take the demands of your processing needs.

Key Features

- 54% Efficient with no membranes to replace, EVER! Membranes are only around 28%!
- No cylinder/tank rental, no delivery cost, no internal order processing, no loss due to evaporation.
- Built with an industry leading 5 year warranty.
- Membrane nitrogen generators have a limited life span while PSA generators do not.

Benefits of a Tuff N₂ Generator:

- Food grade nitrogen for modified atmosphere storage of produce or for modified atmosphere packaging.
- High purity/pressure for laser cutting, plastic injection molding, laboratory systems, hospitals.
- Safe. No storage of high pressure tanks.
- Tunable purity. Using the color operator interface the user can adjust the machine's output purity.
- Industry leading Allen-Bradley® Controls
- 24-hour technical phone, on site, and internet support.
- Internet monitoring of machine performance.
- Designed and built in the USA.

Other Tuff Products Available:

- Water Meters
- Pressure Reliefs
- Service
- Specialty Equipment
- Nitrogen Generators, PSA and Membrane
- Gas Analyzers, O₂, CO₂, Ammonia
- CA controllers (Atmosphere and Temperature)
- Installation
